Body text Inter 400/regular

Lorem ipsum dolor sit amet, consectetur adipiscing elit. Aenean sit amet fringilla sem, a gravida ipsum. Mauris sed diam id magna accumsan dictum at vitae lacus. Sed leo nisl, tempus vitae sagittis vel, sodales vel augue. Quisque magna lorem, euismod ut sodales et, dignissim sed enim. [Link here](#). Proin id ex ex. Curabitur scelerisque dui nec elit fringilla, ac pulvinar lectus commodo. Proin odio dolor, gravida sed consequat eu, fermentum ac lectus. [Link hover](#). Suspendisse eget varius eros. Donec vitae velit malesuada, *italic text* feugiat tortor non, **bold text** laoreet sem.

light teal bg on hover  
(currently implemented)

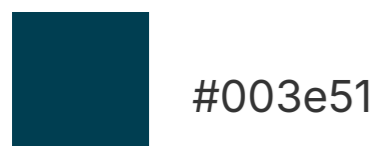

1.5px dotted underline for  
links inside the content but  
drawers, breadcrumbs etc  
just teal no underline.  
(Not sure if this is impossible to target)

increase weight on italic  
<em> to 500

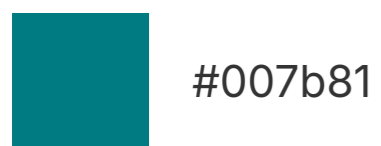

bold heavier than the italic  
(currently implemented I believe)
